### **ABOUT:**

The Coast-to-Coast Passenger Rail Study aims to understand the ridership demand and cost feasibility of re-establishing passenger rail between Detroit, Lansing, Grand Rapids and Holland.

### **WHO:**

This study is being managed by the Michigan Environmental Council in partnership with the Michigan Association of Railroad Passengers, the Ann Arbor Area Transportation Authority and the Michigan Department of Transportation.

### **WHY:**

Join us at one (or more!) of our 16 public engagement meetings to share your thoughts and ideas about potential passenger rail service that re-connects our freshwater coasts. *Note: Round 3 of public meetings will take place in September 2015 and be announced at a later date.*

*For questions or to request special accommodations, please contact Liz Treutel at (517) 487-9539 or [liz@environmentalcouncil.org](mailto:liz@environmentalcouncil.org).*
